

*The Peaks Figure Skating Club Presents  
Rockin' Around the Christmas Tree*

*Club Member Christmas Show Application*

## Rules for entry

1. In order to perform a solo number, you must have passed BOTH pre-preliminary moves and free skate. If you are testing before the show but after the application deadline, please provide the date of your test. This must be verified by a coach's signature.

2. Skaters who meet the requirements may have only one solo. The solo time length is determined by your free skating test level (each time may have plus or minus 10 seconds flexibility):

Pre-Preliminary: 1:30          Juvenile: 2:15          Junior: 3:30

Preliminary: 1:30          Intermediate: 2:30          Senior: 4:00

Pre-juvenile: 2:00          Novice: 3:00

3. All skaters (not including Learn To Skate) are required to skate in the club numbers. This will not count as an optional group number. Attendance for all club number practices is mandatory, and these practice times will be announced by the choreographer. Any arrangements about absences need to be arranged and made up with the choreographer. You will be allowed one absence. Failure to make practices or to make up multiple absences will result in losing the privilege to participate in the club numbers.

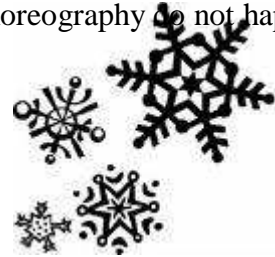

4. All skaters, even if they have not passed Pre-preliminary moves and free skate, may participate in 2 group and/ or duet numbers. Duets and private group numbers may not exceed 2 minutes (2:00+/- :10). Club organized group numbers, as determined by the choreographer, may be longer.

*\*\*This means the maximum amount of events a skater may participate in is 4: 1 solo, 2 group/duet numbers, and the mandatory club number. This is subject to board approval and skater qualification.*

5. If you choose to sign up for a club organized group number, all practices are mandatory, and these practice times will be announced by the choreographer. Any arrangements about absences need to be arranged and made up with the choreographer. You will be allowed one absence. Failure to make practices or to make up multiple absences will result in losing the privilege to participate in the group number.

6. All music for solos, duets, dance pairs, and group numbers must be approved by the board. This will be done when your applications are processed. Music must be Christmas or winter themed. There is a chance that two skaters may submit the same music. If this is the case, the application that was received first will also be granted the music choice. You will be notified if any problems with your music arise and you will be given appropriate time to make any changes necessary. Approved music must be cut to the appropriate time.

7. If you are performing a solo, duet, or private group number, once a month a member of the show chair committee will follow up to make sure you are not having any problems with practice or choreography. We simply want to ensure everyone is prepared for the show, and that any last minute stresses caused by sudden changes to practice routines or choreography do not happen.

### Costumes and Fees

*~Soloists, Duets, & Private Group Numbers* will be responsible for providing their own costumes. Denise Pace is available to make custom costumes IF they are ordered early. She can be contacted at [shaun1158@gmail.com](mailto:shaun1158@gmail.com). Other options include Dance Works and local costume shops. Some websites also have nice dresses to choose from, but to have the dress in time for the show, order at least 3 weeks early:

<http://www.tidewaterice.com/>

<http://www.sharenskatewear.com/>

<http://www.delarbourstore.com/>

<http://www.discountdance.com/index.php>

<http://www.bradgriffies.com/>

*~Optional Club Group Numbers* have required costumes. These will be designed by Denise Pace and purchased through a manufacturer. The prices for these costumes will be listed with their groups. Costume Fees need to be paid October 1<sup>st</sup>. If financial circumstances make this difficult, please contact Stephanie Bullock at [lionfishsb@gmail.com](mailto:lionfishsb@gmail.com). She is willing to work with you.

*~Mandatory Club Group* numbers do not have required costumes. Skaters will wear costumes they will be performing in for other numbers.
